Expertise areas	
Professional areas of expertise	No. of years of experience (10 years and above)
Animal Breeding	· •
Bull production	
Semen production and Bull management	
AI Delivery	
Animal Genetics	
Database Management	
Animal Nutrition	
Ration Balancing	
Green fodder production	
By-pass protein/fat and Cattle Feed production	
Mineral mixture formulation and production	
Fertility management in cows and buffaloes	
Methane emission	
Crop residue management & fodder conservation	
Seed production and marketing	
Animal Housing & summer stress management	
Co-operative Services	
Organising Co-operatives	
Managing Milk Unions	
Developing Village Based Milk Procurement Systems	
Co-operative legislations	
Animal Health	
Disease control/management	
Animal Health Regulations	
Animal welfare and its measurements	
Farm biosecurity	
Quality assurance in diagnostic laboratories	

Professional areas of expertise	No. of years of experience (10 years and above)
Animal disease diagnosis	
Effective communication with farmers	
Engineering Services - Project planning and ex	ecution
Civil Engineering	
Milk processing plant	
Milk drying plant	
Cattle Feed plant	
Refrigeration	
Electrical and substation	
Instrumentation & automation	
Utilities and steam generation	
Effluent treatment plant	
Cheese Processing plant	
Milk product manufacturing	
Quality Assurance	1
Food Safety and Quality Management Systems	
Clean Milk Production and retaining Quality of Raw Milk	
Food Safety Regulations (FSSAI) and International Regulations	
Laboratory testing	
Milk processing	
Finance and Planning	•
Dairy Economics	
Financial statement analysis	
Discounted cash flow analysis	
Product costing	
Building rationale for short and long term funding	
Information and Communication Technology	gies
IT Infrastructure Management (LAN, WAN, VPN, Network Security)	
Data Centre Management	

Professional areas o	f expertise	No. of years of experience (10
		years and above)
System Management		
Data base administration		
IT Applications development (ERP, I applications)	Designing Project specific	
Web application development		
Mobile application development		
IT application support		
Tally/Accounting package		
I	IRD-Training	
Co-operative Institution Building		
Managing training centre		
Training facilitation		
Training of trainers		
	Marketing	L
Liquid Milk Marketing		
Product marketing		
Sales and distribution management		
Logistics management		
Market research		
Laboratory testing	and analysis of food and	feed
Analysis of feed & feed ingredients, mixtures and vitamins premixes.		
Analysis of milk and milk products	for various parameters.	
Nutritional analysis of food products soluble and B-complex), sugars, am cholesterol and minerals.	ino acids, fatty acids,	
Contaminant analysis - heavy metal		
Microbiological analysis of pathogen microorganisms.		
Genetic Analysis comprising- parent disorders and karyotyping.		
Specialised training	attended (in India and Al	broad)
Training programme	Institution	Duration

		1.0
